### **Training Organisation**

In the context of this policy and procedure a Training Organisation is either a RTO or higher education provider delivering or wishing to deliver accredited Sonography courses.

## **5. Complaints considered by ASAR**

This policy and procedure explains how ASAR will respond to complaints about:

2. their own service and actions.

These complaints may be from students and other clients, industry, and licensing bodies or other stakeholders.

Breach of standards, other than the SASC, is to be directed to the appropriate accrediting or regulatory organisation.

### **5.1. Complaints about the services of a Course Provider**

Students and other clients including employers, who have a complaint about a Course Provider, should, in the first instance lodge their complaint directly with that organisation. It is a requirement of the SASC that all providers of accredited sonography courses must have a complaints procedure in place.

If the complainant is not satisfied with the handling of their complaint by the Course Provider or there are extenuating circumstances that preclude the complainant from lodging their complaint directly, they may lodge their complaint with ASAR.

### **5.2. Complaints about the services and actions of ASAR**

## **6. Making a Complaint about a Course Provider**

A complaint may be lodged in person or by telephone, by fax, electronically (for example email) or by letter. A verbal complaint may subsequently need to be made in writing to enable full investigation.

Based on the response received, ASAR will decide whether to investigate the complaint further, and also the manner and scope of any further investigation.

### **6.1. Informal resolution**

Informal attempts shall be made to resolve the complaint in the first instance by agreement with the complainant and the Course Provider. These must be completed within ten working days of the complaint being received by ASAR, and a record of the outcome must be made in writing.

The informal investigation may be carried out by the Executive Officer, or they may engage a member of the ASAR Course Assessor Pool, preferably with some experience in conciliation to assist in the informal resolution stage.

- b. The written report and the written complaint must be considered at the next Board meeting by the ASAR Board of Directors
- c. After considering all the evidence, and calling for more evidence if the initial report is not sufficient, the ASAR Board of Directors must decide to:

  - ii. Uphold the complaint; and
  - iii. Decide on disciplinary action against the Course Provider as appropriate and in proportion to the seriousness of the offence;or

The parties will also be informed of any further avenues they may follow to resolve any outstanding issues arising from the complaint.

**6.4. Actions**

The Executive Officer is to:

- Instigate the disciplinary action approved by the ASAR Board of Directors; or
- On the ASAR Board of Directors' recommendation, revoke the accreditation status of the course.
- Complaints received will also be taken into account when the Course Provider applies for reaccreditation of the course in question.
